MADE TO YOUR DESIGN.

Custom preformed logos, school graphics and specialist markings made for your site.

01
BRIEF
Share artwork, size and site needs.

02
DESIGN
Review artwork, colours and layout.

03
MANUFACTURE
Preformed marking made to spec.

04
INSTALL
Apply to the installation instructions.

TYPICAL APPLICATIONS

- **Schools**
  Learning, play and branded identity.
- **Playgrounds**
  Games and activity spaces.
- **Depots & yards**
  Branding, routes and navigation.
- **Car parks**
  Bays, routes and customer guidance.
- **Public spaces**
  Graphics, symbols and feature areas.

WHAT WE CAN CREATE

- **Custom logos**
  Detailed reproduction of supplied artwork.
- **Number games**
  Hopscotch, grids and counting games.
- **Activity trails**
  Footprints, routes and learning graphics.
- **Directional**
  Arrows, routes and safety markings.
- **Symbols**
  Educational, safety and custom symbols.

WHY PREFORMED?

- **Durable finish**
  Hard-wearing thermoplastic marking.
- **High visibility**
  Strong colours and clear graphics.
- **Fast install**
  Efficient installation with minimal disruption.
- **Made to spec**
  Size, colour and layout tailored to brief.
- **Professional finish**
  Consistent, crisp and brand-led appearance.

SAFETRACK HFS patch repair resin	5 kg

PAIRS WELL WITH

BAUXITE & PIGMENTED AGGREGATES

Building a high-friction system? Add Guyanese, Indian or pigmented bauxite in 25 kg bags. See page 16.

6 MM. 20 MM.

Pre-coated chippings, 65+ PSV, in two core sizes and 25 kg bags. Held for East Kent collection.

6 mm pre-coated chippings	65+ PSV · 25 kg bag
20 mm pre-coated chippings	65+ PSV · 25 kg bag

65+ PSV

Polished stone value (PSV) of 65 or more on both sizes.

RESERVE BEFORE COLLECTING

Confirm grade and quantity with us before you travel.

ALSO AVAILABLE IN BULK BAGS

6 mm and 20 mm pre-coated chippings can be supplied in bulk bags as well as 25 kg bags. Ask us for bulk pricing and delivery.

PAIRS WELL WITH

K1-40 & PROBIT EDGE SPRAY

Doing a repair? Prepare and seal the joints with K1-40 bitumen emulsion and Probit edge spray. See page 10.

POTHOLE REPAIR. EVEN IN STANDING WATER.

Viafix cold-lay permanent pothole repair. Fill, compact and open to traffic straight away, in wet weather and water-filled potholes.

VIAFIX 25 KG POLY BAG

For quick use · stated shelf life 3 months

Buy online →

VIAFIX 25 KG BUCKET

Resealable · 6 months unopened · 40 per pallet

Buy online →

VIAFIX 1000 KG BULK BAG

Branded duffle bag with sealed liner

Buy online →

Viafix 14 kg foil bag	Long shelf life · 72 per pallet
Viafix 25 kg poly bag	For quick use
Viafix 25 kg bucket	40 per pallet
Viafix 1000 kg bulk bag	Can stay on site, reseal between jobs

WORKS IN STANDING WATER

Plenty of cold-lay products claim all-weather use. Viafix is made to bond and compact in a water-filled pothole, so the repair is permanent first time.

PAIRS WELL WITH

OVERBANDING & EDGE SPRAY

Finish the repair properly. Seal the joints with PROBAND 60 or TexBand overbanding. See page 09.

REINSTATEMENT. ULTRACRETE.

HAPAS approved cold-lay asphalt, bedding mortar and rapid strength concrete for highway reinstatement. Trade prices on request.

INSTANT ROAD REPAIR 10 MM

HAPAS cold-lay asphalt · 25 kg

Price on request →

M60F BEDDING MORTAR

Fibre reinforced · traffic in 60 min · 25 kg

Price on request →
